

# WEATHERMASTER Building PRODUCTS, INC. LIMITED LABOR WARRANTY

## Installation – New Construction / Replacement Construction

**Date of installation:** \_\_\_\_\_ / \_\_\_\_\_ / \_\_\_\_\_

### Overview

Weathermaster Building Products, Inc. (hereinafter WBPI) warrants to the original purchaser, that the installation of the windows and or doors provided is completed using certified engineering details from the manufacturer. All work relating to this warranty must be completed by a representative of WBPI. This warranty certifies the products used in installation have been designed to properly seal areas exposed to outside elements. Additionally, this warranty certifies correct installation of weather resistant barriers as purchased from WBPI that relate to the window installation. WBPI warranties installation of windows and/or doors for 1 year from date of installation.

### Claims

Any claims for defective installation should be submitted in writing to:

Weathermaster Building Products, Inc.

112 Central Park Place

Sanford, FL 32771

Once the claim has been received, a state certified glass and glazing contractor provided by WBPI will visit the location to examine said installation error.

All claims must be received no later than 1 year from date of installation.

### Repair Procedure

This warranty will cover repair of installation or reinstallation of product should the contractor find certified engineering practices during installation were not followed. WBPI will provide labor required to repair defects.

### Other warranty considerations

During installation of windows and/or doors caulking is used to seal the frame against water and air penetration. Caulking will eventually shrink. Should a result of shrinkage cause outside element penetration, warranty claims will be directed to the caulk manufacturer.

The warranty only covers labor as it relates to product installation per manufacturer guidelines. Any water or air intrusion resulting from manufacturer defects should be directed to the manufacturer. WBPI is available to assist with the communication as needed to rectify problem.

### Request for installation variation

Any request for deviation from the standard engineered installation instructions as given by a homeowner or builder will void this warranty.

Requests of this nature require signature below:

I, \_\_\_\_\_, request a change to the installation of windows and/or doors as required by engineering. The change requested is
